Dear Reader,

On behalf of the Trustee Board, the Executive Board and the entire team of EFCNI, we would like to express our sincere thanks for ten years of support, encouragement and commitment to make a change for preterm infants in Europe and beyond.

Ten years ago, EFCNI was founded with the mission to ensure that every baby receives the best start in life regardless of economic status and place of birth. We are grateful for everyone joining us on this mission. Today, we can look back on eventful, sometimes challenging, always inspiring years that have substantially made a difference in the lives of preterm newborns and their families. Thanks to the support of our partners, donors and the many dedicated members of our network, EFCNI is able to make newborn health a medical, political and societal priority.

Sincerely yours,
The EFCNI Executive Board

Silke Mader
Chairwoman
